

## Interview with Eddie Stone

By ChicagoPride.com

Date of Birth? April 15, 1977

Birth Sign? Aries

Eddie Stone is one of Chi Chi Larue's amazing discoveries and in June of 2003 Eddie signed an exclusive contract with Rascal Video.

Stone's first on-screen appearance was in Rascal Video's "Take One for the Team" in a supporting role directed by Chi Chi Larue.

As with most of Larue's other discovers, Eddie proved to be the next big thing when he and Jason Ridge were nominated for "Best Sex Scene" in "Take One For the Team" at the 2003 GayVN Awards.

Eddie took the starring role in his second movie, "When in Rome."

Rascal Video jetted him off to a beautiful 15th century castle on the outskirts of Florence, Italy.

Also directed by LaRue, "When In Rome" finds Stone starring with Filippo Romano and Joe Foster.

Also, look for Eddie Stone in his second starring role in "Stone Fox".

This Rascal Video superstar will make an appearance at Hunter's on Thursday, September 2nd as part of the Men Magazine 20th Anniversary Tour across America. ([Event Details](#)) Eddie took a moment to answer a few questions from ChicagoPride.com.

**CP:** How and when did you get into the adult movie industry? (What was the name of the movie and the other actor?)

**ES:** Living in L.A., it's hard NOT to know someone who is connected to the porn industry somehow. At the time, I was a go-go boy at Micky's. Every Thursday they host 'Cocktails with the Stars' where Will Clark (who has since handed over the job to Jason Sechrest), interview pornstars.

I had always been interested in doing porn, but it wasn't until I met ChiChi and the great team of people at Rascal, that I knew I was ready.

**CP:** What surprised you most about your first porn experience?

**ES:** Honestly, it was exactly how I imagined it...like I had been doing it my whole life.

**CP:** How many movies have you starred in and which is your favorite and why?

**ES:** Three have been released, 'Take one for the Team', 'When In Rome', and 'Stone Fox', and a couple in editing have yet to be released.

(autographed copies are available at [eddiestonexxx.com](http://eddiestonexxx.com))

If I was to choose a favorite, it would probably be 'When In Rome' for two reasons.

We shot the film on location in a 15th century manor in the Italian countryside, and I got to work with my favorite co-star.

**CP:** Who is your favorite co-star and why?

**ES:** Filippo Romano and I have great chemistry together.

From the beginning we clicked, which makes for a great scene on camera... and off!

**CP:** Who works harder in a movie?

The top or bottom?

**ES:** Depends on the movie...if it's a well directed scene with two good performers it should be 50/50.

**CP:** What is your "I'm turned on button" (neck, ears, nipples, etc.)

**ES:** Kissing

**CP:** Recount (as much or as little as you'd like) your best/hottest sexual encounter (you don't have to go into too much detail...)

**ES:** A couple I met a few years ago... they know who they are!

**CP:** Describe your ideal mate.

**ES:** Someone who has the qualities in the next question... but physically, it depends, I love eyes, hands and ass!

**CP:** What is sexy?

**ES:** Confidence, humor, and optimism.

**CP:** Are you dating?

Is it hard to date while working in the industry?

**ES:** I'm not dating anyone right now, but I am surprised by other people's openness to the possibility of dating a 'pornstar'.

Of course, dating within the industry happens alot too!

**CP:** What is one of the strangest things that has ever happened when filming a scene?

**ES:** I showed up on time...haha...

**CP:** What's under and/or next to your bed?

**ES:** My laptop.

It goes where I go!

**CP:** What is something in your home that would make a stranger think you were gay?

**ES:** My DVD's and music (including, but not limited to)

'AbFab', 'Romie and Michelle's High School Reunion', Madonna, Britney Spears, George Michael etc.

**CP:** What is something that might make a stranger think you were straight?

**ES:** A wedding picture of me in a tux posing with the bride (we make a cute couple).

**CP:** What is always in your fridge?

**ES:** Espresso (when I was in Italy I learned how to prepare it the right way).

**CP:** If you could trade places with anyone for a few days, who would it be?

**ES:** I wouldn't do that to the other person... I don't think they would ever fully recover...haha.

**CP:** What is your indulgence?

**ES:** My friends would say my entire life is an indulgence.

**CP:** What was high school like for you?

**ES:** Typical I guess.

Circle jerks with the basketball team, a master/slave relationship with the bus driver, and sweet sixteen orgy parties.

But for real, I was that kid who knew a little of everyone and liked to be involved (school play, swim team etc.)

I was a neutral force who people would confide in, but I wasn't out yet.

I didn't think they were ready for that!

**CP:** When not traveling where do you call home?**ES:** L.A.

**CP:** How do you spend your free time?

**ES:** I like to spend money, go to movies, eat, gym, eat, road trips, eat, music/dancing, eat.

**CP:** What is your theme (favorite) song?

**ES:** 'Nothing Fails' - Madonna.

Because no matter what happens in life, whether you achieve your goal or not, if you learn from the experience, then you grow into a better person.

Hence... nothing fails!
